

FREE CHECKLIST

Steelwork quote checklist

Tick these off before you ask for a steel price.

The more you send, the faster and sharper the quote.

☐

Structural engineer's calculations

Member sizes, steel grades and connection details

☐

Structural and architectural drawings

Plans, sections and any steel details

☐

Site address and postcode

For delivery planning and our coverage area

☐

Access notes and photos

Narrow side returns, terraced streets, parking, lifting restrictions

☐

Finish required

Primer, hot-dip galvanising, powder coat or intumescent fire protection

☐

Supply only, or supply and install

Tell us whether your builder fits the steel or we do

☐

Programme

When the steel is needed on site, and any phasing

☐

Quantities for repeat items

Balconies, balustrade runs, lintels

☐

Main contact

You, your builder or your architect

☐

Anything unusual

Listed building, live retail premises, working-hours limits

Send it to Pro Steel Solutions - free quote within 48 hours
